

# UC Master Gardener Support for San Diego Community Gardens

## Community Garden Coordination

*Facilitating discussion and education among gardens, UC Master Gardeners, and key community members at our annual Leaders Day; mapping San Diego County gardens; offering resources.*

## Community Garden Consulting

*Providing customized guidance, design/infrastructure advice, & UC research-based gardening knowledge to established and new community gardens.*

## School Garden Support

*Supporting hundreds of school gardens in San Diego County with advice and curriculum that help teachers & students (grades K-12) experience garden-focused learning.*

## Beginning Vegetable Gardening

*Teaching vegetable gardening to community gardens and other groups through a series of 2-hour hands-on workshops on: planning a garden; soil, seed starting and transplanting; integrated pest management; and harvesting & storage.*

## Expert Speakers

*Providing UC Master Gardeners to speak to your community on a variety of specialty topics, including composting, irrigation, fruit-tree care, pest management, and much more.*

## Grants & Funding

*Apply for grant funding for non-commercial horticulture & gardening projects through a UC Master Gardener sponsor; learn about additional garden-related grant opportunities listed on our website.*

# UC Master Gardener Support for San Diego Community Gardens

## Friendly Inclusive Gardens

*Offering specialized guidance to help your garden be accessible to all ages and abilities using the “7 Principles of Universal Design.”*

## Tool Care Instruction

*Learn how to maintain and keep your tools in good working condition.*

## Ask a Master Gardener

*Request a Master Gardener to answer questions at your next event or visit us at local events county-wide.*

## UC Master Gardener Hotline

*Get free, UC research-based answers to all your gardening questions by phone (858) 822-6910 or email [Help@MasterGardenerSD.org](mailto:Help@MasterGardenerSD.org)*

## Resources

*Discover growing guides, monthly “to-do” lists & pest notes; get our Dig It! Monthly E-Newsletter - all on our website.*

## Events

*Attend Master Gardener workshops and training opportunities. Our Spring and Fall events feature plant sales and programs that can sharpen your skills and inspire your imagination.*
